CSR review workshops 2019

In [Surveying Alert 33](#) we advised that a review of the Cadastral Surveying Requirements was about to commence and that we were accepting input into the topics that required attention. Thank you to those that have provided ideas, suggestions or raised queries.

DNRME has now started face-to-face engagement activities with the surveying industry through various forums. A number of workshop style gatherings have been arranged. These include four DNRME workshops in the SE corner, sessions at each of the SSSI regional conferences, and for those who are unable to make any of those events, a virtual workshop, online.

Registration is not required for the DNRME workshops or the virtual workshop, but will be required for the Central Group and Northern Group conferences.

To assist in your preparation for these events, please consider the issues identified in this [document](#).

The details for the CSR review workshops are:

Toowoomba - DNRME

Date: Tuesday 29 October, 2pm - 4pm
Venue: Tod Conference Room, DNRME, 203 Tor St, Toowoomba

Online - DNRME
