

## Property Map of Assessable Vegetation (PMAV) Application Form

*Vegetation Management Act 1999 Section 20B or 20C*

*Use this form to apply for a PMAV to Department of Resources (the department)*

**If you have any questions about completing this form phone the Veg Hub on 135 VEG (13 58 34)**

### 1. Owners' consent

#### Acknowledgment and waiver by all registered owners

Before consenting to or lodging this PMAV application it is recommended that all registered owners of the subject lot/s seek their own independent legal and financial advice regarding the effect of this application, and the legal and financial impacts of any subsequent certification of any PMAV.

A PMAV is made using the digital lot boundaries current at the time of application. When there is a change to the digital lot boundary location, the PMAV cannot move with it. Therefore if the lot boundaries are updated additional vegetation category areas (e.g. category B, C, R or X area) may apply along the lot boundaries where the change has occurred.

By signing this section, those signing are taken to:

- Consent to the lodgement of the application;
- Agree that all information entered and provided in this application, including any maps, lists or other documents attached to this application, is correct and accurate;
- Authorise the nominated contact person (if applicable) to act on behalf of all signatories; and
- Acknowledge that the certification of any PMAV resulting from this PMAV application may have legal and financial implications for your interest in the subject lot/s, and you agree that in no event shall the department be liable for any special, indirect or consequential damages or any damages whatsoever rising out of or in connection with this PMAV application or any subsequent certification of any PMAV; and
- Request that the chief executive agree to make a PMAV as proposed in this application.

#### Use of electronic signatures:

The department and each registered owner listed below consents to the use of electronic communication (electronic signature) for the signing of this application form provided the electronic communication is given/sent in accordance with the below requirements (consistent with section 14(1) of the *Electronic Transactions (Queensland) Act 2001*). The electronic communication must:

1. identify the register owner signing the form;
2. indicate the registered owner's approval of the information communicated; and
3. be a reliable method of signature for consent to the information provided in this application.

Where a company or other legal entity is signing this application without using a common seal, the application must be an entire single document where signed by multiple signatories and each signatory must confirm that:

- the company or legal entity does not prevent the use of electronic signatures; and
- each signatory is duly authorised by the company to sign electronically (eg. a company resolution or authorisation). This confirmation is to be included in the email or other correspondence lodging this PMAV form.

The information collected on this form will be used in accordance with the department's Information Privacy Guide which can be found on the department's website: [www.resources.qld.gov.au](http://www.resources.qld.gov.au)

No

If yes, please enter PMAV number

## 5. Type of PMAV application

Tick one option only.

Option 1  
(fee required)

To show the vegetation category areas (i.e. Categories A, B, C, R and X) as shown on the Regulated Vegetation Management Map over subject lot/s.

*This will result in a PMAV being made under s20C of the VMA.*

Option 2  
(fee required)

To modify the vegetation category areas (i.e. Categories B, C, R and X) or the regional ecosystems mapped over subject lot/s.

The vegetation category areas and the scale of the PMAV will be based on the supporting information you provide.

*This will result in a PMAV being made under s20C of the VMA.*

Option 3  
(no fee required)

To correct an obvious map error in the regulated vegetation management map. This option results in a PMAV only being made over the area where the chief executive has confirmed that there is an obvious error in the regulated vegetation

	<p>management map. The PMAV will not cover the entire extent of the subject lot on plan/s, only the extent of the error.</p> <p>An obvious error only applies to areas where it can be clearly shown that the area:</p> <ol style="list-style-type: none"> <li>1. has not contained any woody vegetation for a long period of time (crop or pasture) and the area was lawfully cleared; or</li> <li>2. solely contains vegetation that is a plantation, an orchard, or is non-native vegetation.</li> </ol> <p><i>This will result in a PMAV being made under s20B of the VMA.</i></p>
<input type="checkbox"/> Option 4 (no fee required)	<p>To voluntarily make a category X area on a PMAV a category A area.</p> <p>Note: a PMAV will only be made over the confirmed category A area.</p> <p><i>This will result in a PMAV being made under s20C of the VMA.</i></p>
